SURVIVAL CORNER**

ONLINE EDITION

Dear guest,
please have a look at the following instructions in order to be ready for the event and experience a useful and interesting activity.

We are looking forward to seeing you soon online!

Until then, all the best from
BOLOGNA CHILDREN'S BOOK FAIR
and **THE ILLUSTRATORS SURVIVAL CORNER**

HOW IT WORKS

PORTFOLIO REVIEW

Please note correctly the time of your review session. Our schedule is set to Italy time zone. If you are in a different time zone, convert time at www.time.is

Upon registration you'll have to upload your portfolio (PDF, max 5MB) within the specified deadline

Portfolio review will be held as video conferences in Zoom. If it is the first time you are using Zoom, it is recommended to download your desktop client or mobile app at: zoom.us/download

Please check your webcam and microphone are working properly before connecting

You will have to connect 5 minutes in advance (for example, if it's scheduled at 9.00, please connect at 8.55) so we will take note of your presence

Each illustrator is given six-minutes' time with their reviewer, who will have previously analysed your artworks

Screen sharing function will be deactivated, we suggest to have your portfolio at your fingertips

As you connect to Zoom, you will be redirected to a waiting room. Portfolio reviews are one-to-one session interview, so you might have to wait until your turn comes. The moderator will let you in - in the order of registration - when everything is ready for you. Note that **you may have to wait in the waiting room for up to about 82 minutes** if you are the last participant on the list. During the review, the moderator will update the progress of the list via message in the waiting room.

Working language of portfolio reviews is English, but some reviewers could speak other languages. In that case we indicate it in the event's description

HOW IT WORKS

MASTERCLASS

Please note correctly the time of the masterclass. Our schedule is set to Italy time zone. If you are in a different time zone, convert time at www.time.is

Masterclass will be held as video conference in Zoom. If it is the first time you are using Zoom, it is recommended to download your desktop client or mobile app at: zoom.us/download

You will have to connect 5 minutes in advance (for example, if it's scheduled at 9.00, please connect at 8.55)

Your microphone will be muted during the masterclass, and neither do you have to turn on your web cam

There will be a Q&A part at the end of every masterclass. You will be able to make your questions to the speaker in video conference's chat
